NEWSLETTER VOL. II No. 7

AUGUST MEETING

Our next meeting will be held on Tuesday, August 6 at the Hangar. Social Hour commencing at 6:00pm, dinner at 7:00 and the meeting at 8:00.

Our dinners are continuing to be a highlight of the meeting nights and those who have been so generously contributing their time and effort should be heartily thanked by all of us. The August meeting will feature lasagna according to Pat Kitchen and should be well received.

Our program will be two-fold: Obbie Atkinson will show his videos of Pt. Mugu which will be run, more or less continuously, from 6:00 to 7:00. His last tapes were great and these should be equally interesting.

The second part of the program will be provided by Cols. Corippo and Markwith who will discuss "our" new warbird, the L-5. It is also rumored that Col. Corippo will give us several pointers on ground loops resulting from crosswind landings with only one brake operating. This is to be accompanied by graphic demonstrations including the waving of arms and foot movements on rudder pedals along with genuine nervous sweat. (Just kidding Gary)!!

In view of the fact that your frazzled editor was invited to attend the EAA Fly-In at Oshkosh by son Stuart and just returned Wednesday and then had to make a fast Paso Robles-LA and return trip by car...this newsletter is being ground out LATE Friday night in hopes that you will have it in your mailboxes by Monday or Tuesday and at least be reminded of the meeting. Therefore we will have to forgo, regrettably, comments on the happenings of the past month but will try to mention them later.

This is it. See you at the meeting!!!
