September Meeting

The September Meeting will be held on Wednesday, September 1, 1999 at Thomson Hall with Social Hour commencing at 6:00pm and Dinner at 7:00pm.

Our Program Chairman, George Marrett has arranged for us to hear from our own Col. Pinky Jones who has had two complete careers in aviation starting with the Civilian Pilot Training program in 1939 up through B-29s and then 20 more years flying corporate jets. This should be a great program, a virtual history of military aviation at a period that covers the very time span that the CAF is dedicated to preserve in the hearts and minds of the American people. A brief biography of Pinky appears on page 3.

Chef John Himes has said that we will have Beef Burgundy for our dinner with the usual sides.

Flight Leader Program

As mentioned in our Yellow Notice of August 14, there was a Flight Leader meeting on August 7 which resulted in a good deal of input from all concerned. For the immediate future the Program is more or less on hold until we decide exactly what the Program should accomplish. In the meantime the dinner setup and clean up will be done by the young people who helped us a few meetings ago and the Docent duties are being filled by random volunteers for the month of August after which we

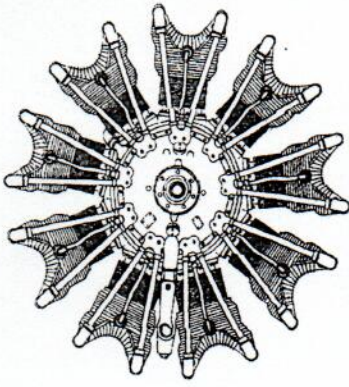

hope to have enough permanent Docents to cover.

By the way, your antique editor put in the wrong hours for the Wednesday Museum open time. It's 2:00pm to 4:00pm NOT 12 noon to 2:00pm. (This should make a tremendous difference and we expect a flood of phone calls now. I wish.)

Docents

Speaking of Docents, our plea for volunteers who might be able to take one or more particular days as a semi-permanent thing resulted in calls from 5 different people. This is somewhat less than we had hoped for but we are most grateful for those five. We will be working with them to see what days they can handle.

Please. . . think about helping out! Think about offering just one day a week for a couple of hours to keep the Museum open. Even one day every two weeks would be a help. If we had twelve volunteers we could cover the month. They could switch off with one another if necessary and have their own little program going and even do their own recruiting which would be a tremendous help. Everyone is welcome, relatives, non-members, young people, old folks (like most of us!), anyone willing to help. Call Betty Miller at 466-1212 or Bruce Toomey at 238-9266 (after 9am). It's fun, it really is. You should see the faces on some of the young ones when they walk in and as they look around they get even more excited. Try it, you'll

The Estrella Squadron Newsletter

is published monthly as an unofficial and voluntary contribution. Contents and opinions, other than by-line columns, are the sole responsibility of the Editor, Col. Bruce MacE. Toomey unless otherwise noted.

Submission for inclusion are not only welcomed but solicited, including articles, display and classified ads, etc. Please send all submissions to the Editor (by name) at P.O. Box 3065, Paso Robles, CA 93447 or Fax to 238-9516 or e-mail to bruce@toomey.com

Graphics, computer layout, design and use of photocopying machine as well as paper and other supplies are the contribution of Stuart Toomey and,

Toomey Racing USA

(Bruce Toomey has no business connection with or financial interest in Toomey Racing).

like it and you will receive the thanks of everyone!

Clarification Regarding Air Show

In last month's newsletter some information was copied in error from Marty Martin's notes for the Staff Meeting. (My fault!).

It was stated at one point that Warren Bailey, our Museum Curator/Director, would be taking over as head of the Air Show for the year 2000. This is not correct. Chuck Miller will still be at the helm for the year 2000 Show assisted by Warren. Chuck has said, however, that he would like to retire as Air Show Chairman after that and Warren offered to Chair the Committee for the year 2001 Show.

In any event, we wish to thank both Chuck and Warren. Putting on the Show gets to be more and more arduous every year and it takes a tremendous amount of time. For instance, the first meeting for Air Show 2000 will be held in September 16. Planning has to be started that far in advance to be able to secure the acts we want and to prepare for all the events. If you would like to help with the Show come on out to the meeting at Thomson Hall.

Cadillac Sold!

We are pleased to report that the big old Cadillac that was donated to the Museum has been sold for the sum of \$3600!! This will be enough to help greatly in finishing off Thomson Hall and the offices in the Museum.

We are most grateful to Allen "Spanky" Gryczewski who donated the vehicle and to Marty Wright for putting in all the ads in the trade mags and working to make this happen. We also thank the owner of Einstein's Computers who purchased the vehicle. Great job all around!!

Barney Needs a New Home

Nel Hines has informed us that Barney, Harry's dog and constant companion, needs a new home. Harry took Barney out for a walk at least twice a day and often to the beach for a good run. Nel explained that she does not have a fenced back yard (the house is on a steep hillside in Cambria) and that she just isn't up to giving him the kind of care he needs.

Barney is a sweet tempered very friendly dog, part Australian sheep dog, brown and white, medium hair length, about a year and a half old. He has had five weeks of obedience training and is just a really nice loving dog. He needs some room and a good family and would probably be wonderful with kids. If anyone would be interested please call Nel at 927-4944. You won't be sorry.

Member List Update

We are including with this newsletter the latest membership list. It has all the names from the past year, even though some dues may not have been paid, and all the new names up to date. The next list will show only paid up members so let this be a warning to get those dues in.

PLEASE check your name and all the other information. If there are errors please contact Bruce Toomey at 238-9266. This is my list as contrasted with the "official" label list maintained by John Himes. We keep two going so we can check up on each other in case someone didn't make it to one list or the other and to check spellings, addresses and other information. Sometimes I'll be given an application and sometimes Obbie or John or someone else will receive one. This is just a check on each other but, in any event, please check your own information and inform me (BT) of errors.

Brief Biography of Pinky Jones

I was six years old when Lindbergh flew his historic flight. I was given a Lindy bank which I still have and that must have provided the desire to spend most of my life looking down at the ground and up at the stars.

When Mr. Roosevelt pushed for the Civil Pilot Training Program in late 1839, as a sophomore in a small college I was in the first class of ten students, getting a private certificate in May 1940. Things were dull for a few months with WWII on the horizon and more money was discovered for an advanced acrobatic course. Fifty hours later and successful completion of a complete acrobatic check ride with the CAA, I was the complete pilot with a grand total of 100 hours. Shortly thereafter, after being accepted by the Air Corps as a flying cadet, but waiting for admission because I would not have been 21 upon graduation, a third civil course became available - an apprentice instructor course. I jumped at that and in one week accomplished 25 hours in the front seat of a J3 Cub, receiving a certificate which said that I could instruct without compensation because I lacked the necessary 200 hours for a commercial license.

At that time the Air Corps called and I was launched into the big iron. Graduated from Kelly Field in January 1942 I was given two hours to report back to Randolph Field and five days later had six students. After a year I escaped the basic training routine and instructed in B-17s for most of the next two years, finally getting to B-29s in early 1945. Did part of our training in Cuba as we were destined for the 8th Air Force in Okinawa. My friend Paul Tibbetts burst that bubble on the day I got my brand new B-29.

A couple of years later, still trying to keep the four 3350's running and the fires out, I encountered a most unusual

character with a penchant for doing deals and playing pranks. He still insists that he taught me to fly and maybe he did. I am referring to our own Colonel Atkinson, Obbie O. We soon parted ways for a time but never out of touch.

Briefly, my subsequent career was:

B-29s and B-50s until 1950, then assigned to the first class of LeMay's four headed monster program - Pilot, Navigator, Bombardier and Radar Observer, direct to the first B-47s delivered to SAC. Seven years later was pushed kicking and screaming into B-52s. Commanded B-52 Squadron and subsequent staff positions at division and Air Force level. When the geniuses at the Pentagon in the McNamara time period decided I was too old to fly (age 45) I bade the Air Force sayonara and spent the next 20 years thoroughly enjoying myself in Learjets, first with Executive Jet Aviation and then with the Learjet Corporation. Still flying and believing what I was told in 1942 - you are a pilot - Read the PIF and if you can get the engine started, you can fly it!

Volunteer Sign-in Book

Remember!! Please continue to sign in when you're working around the compound. The sign-up book is in the Thomson Building on the shelf across from the bar. (This makes it easy for you to find.) Sign in for everything, meetings, visits, work times, any time you are out there putting in any time whatsoever. It isn't just for the heavy duty work crews, its for everyone who puts in time for any reason as a volunteer.

We need to show the City that we have many people putting in many hours of volunteer labor for the good of the Museum and the community!
