Remembering The Past/Inspiring The Future

Volume 30 Number 7 July, 2018

Vice Prez Sez. . .

Words from Estrella VP Scott Steizle

At the May **Board of Directors** meeting, two **new members** were elected to the Board: **Cindy Bergin** and **Charles Rooks**. Then the **Board Officers** were elected with **Dennis Johansen, President; Scott Steizle, Vice President; Cindy Bergin as Secretary** and **Rob Kinnear Treasurer**. Ren Stelloh has stepped down from the Board and will be missed. He is still active at the Museum. Unfortunately, a few days after the election **Mr. Johansen resigned** as President for personal reasons. The **Nomination Committee** is working on this. We hope to have a proposal to the Board at their next meeting. In the mean time, the rest of the Board Officers are performing their duties.

For a happy report: **Warbirds, Wings and Wheels** 10, Mega Swap Meet and Barn Dance were each a **fantastic success**. We almost ran out of space for participant cars. There were more swap meet participants than previous events. The Barn Dance was a sellout. The final numbers are still being tallied. For sure, this was the best one to date. If you weren't able to come to this, you missed a lot of fun!

We always need volunteers If you have the time please join us.

EWM/WAD DOCENT APPRECIATION AT EBERLY

Dick Woodland

EBERLE WINERY - Claudia and Dick Woodland hosted a tri-tip/chicken barbeque, cave tour, live music and a generous sampling of Eberle wines, at the annual Docent Appreciation Dinner held on June 8 at the

SR 46 address. Docents of record and essential WAD volunteers from Estrella Warbirds and The Woodland Auto Display were on hand along with friends and family, enjoying the scenery, food, music and fellowship. *Be a Docent. Feel the Love!*

GREAT SHOT Missing Man Formation executed perfectly by a familiar duo. That is **Sherman Smoot** peeling off to signify the Missing Man, and, if you have a magnifying glass, **George Marrett** can be seen coordinating the maneuver from his seat in the nose of the B-25 (*Executive Suite*, pilot John Garlinger) as they roar over Memorial Day ceremonies in Atascadero. The ID of the photographer is unknown. A single photo can tell a meaningful story. This “keeper” photo obtained by George Marrett.

TA-4J Paint Booth

Dennis Johansen drapes painters cloth over top fuselage portion of TA-4J in preparation of application of primer during first stage of dress painting operation. Remember the entire surface must be sanded thoroughly, then primed, then cured, then covered with at least one coat of the kind of paint you do NOT find at Michaels Art Supply. No published date on the final rollout. This Summer sometime.

NEW H34 FLIGHT DECK

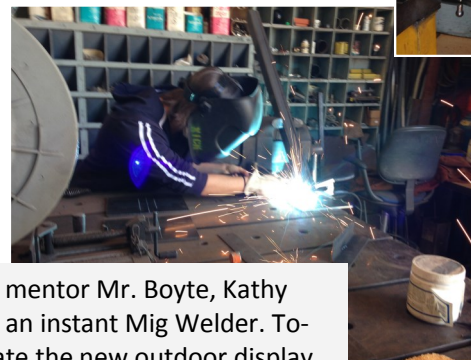

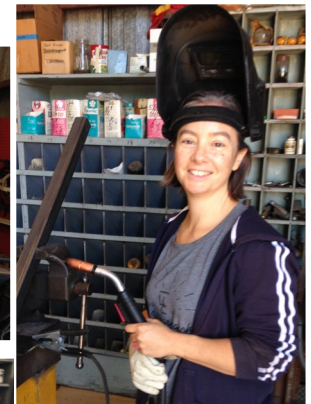

Tom Gorham is project leader on one of the most important inside jobs involving the H-34, the **control panel**. Each instrument is researched on line and sourced out to be correct for the make, model Sikorsky helicopter. Right now the instrument cluster is complete. Now, the next phase: Get the proper **seating** installed. The Agony and the Ecstasy of Restoration!

M151A1 Jeep

Ron Boyte measures out another patch on that pesky and needy frame belonging to the Vietnam era M151A1 Jeep. This piece is still in pieces and is proving every bit as time consuming as originally advertised. No rollout this summer for this child. But, when it does bow, it will be perfect. Finished product will look and run something like this.

After some tips from mentor Mr. Boyte, Kathy Draszcz becomes an instant Mig Welder. Today's project: Fabricate the new outdoor display plaque stands in prep for painting. Nice work!

A couple of Navy O-3s stopped by EWM Sunday, June 11, to enjoy the exhibits. They were duly impressed. **LTs Chris and Jamie Polhemus**, both **FA18 pilots** out of Lemoore, took in the sights on a sunlit day. Chris was here a couple of months ago and helped evaluate our brand new flight simulator. Both are graduates of the **United States Naval Academy. Units: VFA-192 Golden Dragons , VFA-2 Bounty Hunters**. Bring some of your compadres over to EWM/WAD!
