NOW HEAR THIS...

The most exciting event coming up in May is **Warbirds, Wings and Wheels 13 on May 7!** By the time you receive this newsletter you still have time to volunteer for any of the many jobs needed to make this event happen. The event seems to get better and better and that doesn't happen by chance. The committee headed up by Carol Verstuyft and the efforts of Dick Woodland, continue to provide an amazing weekend, starting with the Barn Dance on Friday May 6, 2022 and Warbirds Wings and Wheels on May 7, 2022. Please consider offering to make this event a success! (Note the column to the right.)

Another area of need is someone to assist with the youth program headed up by Brad Eaton. We're looking for someone who knows his/her way around aircraft, but, more importantly, is willing to guide the young members of the program as they learn the various aspects of aviation. The group is growing; it's vibrant, it's fun and it's a rewarding way to serve the museum. Please consider working with the youth program. For more information contact Ken Neuman at 805 238-9317.

I'll look forward to seeing you at Warbirds, Wings and Wheels!

The time is upon us again! **Warbirds, Wings and Wheels 13** is near. That means we want volunteers to assist us in putting this great show on!

The show itself is on Saturday, May 7, 2022 but there are set-up opportunities the day before (for Barn Dance Friday Night) as well as an extremely fun and festive clean up day on Sunday too!

Opportunities include judging, pouring beer, selling tickets, helping park guests cars, as well as directing the show cars, etc.....! Did I mention pouring beer...? Oh, we have the "regular" volunteer positions open as well.

Also, choose a morning or an afternoon shift. Both/either are available.

If **YOU** are interested or have friends, neighbors or even family members who can help out, please sign up at the Museum Coordinator's door located right inside, next to the gift shop.

We need volunteers to put this showcase function on—and that means **YOU!** **Remember, you are just a sign up away fromtrue happiness!**

That is all

CEA-308

Another MUST-ATTEND
Monthly Meeting/Dinner at
Thomson Hall on May 4, 2022.
This time we get yet another
"Aviation Rock Star", Dr.
Paulo Iscold.

CEA-311 The White Shark

His resume starts in Brazil,
designing airframes under
other world-famous mentors. Today he is local, teaching,
mentoring and designing as part of Cal Poly's Aerospace
Engineering Department. He creates airplanes.

Dr. Iscold's first designed-built airplane, the **CEA-308** set
four world records with the International Federation of
Aeronautics (FAI – category C1a0) in 2010. The **CEA-311**
Anequim set five world records (FAI C1a) in 2015. The
CEA309 Mehari was the Brazilian Aerobatic Champion in
2016 and is still competing and performing air shows down
in Brazil.

He loves sharks for obvious reasons? Join and meet Dr.
Iscold after Dinner in Thomson Hall on May 4, 2022.

Get your reservations in right now.

Raid by **Ron Brooks** on his namesake
the **Brooks Bldg.** yields a cabinet to be
used in the **Hind Pavilion** main exhibit
area. Helping with the move is **Todd**
Peters, whose priceless collection of
aircraft "parts" and models will be
displayed within the "new" case.

Bomb Truck, S-2, F-86

Dennis Johansen and Tom DuVaul show off new nose assembly paint and stenciling job on EWM vet S-2.

John Everett tends to detailing side panel of the nearly-completed **GTBC Bomb Truck**. Resto is now looking for SEVEN (7) tires and tubes to complete the assembly in time for Springtime rollout. Those items are. . .VERY expensive.

Ken Treffzts celebrates completion of overlay and final prep for stenciling/ painting of **F-86 Sabre**.

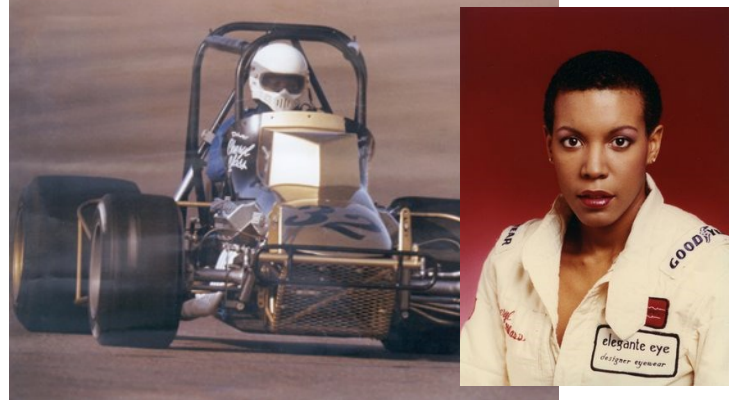

This rollout will be spectacular!

Imagine This: P-38 Lightning Welcomes Visitors to Estrella Warbirds Museum

Attractive Gift Shop Promos For 30th Anniversary!

This piece of work exists in Miami, Florida at the 94th Aero Squadron, a restaurant. It is a full scale Fiberglass replica of the "Forked-Tailed Devil", the "Lightning", the legendary P-38 Lightning fighter plane of WWII, the very namesake and symbol of our Museum. Can EWM send an expert to inspect this work and decide if it is suitable, stable enough for transport across the country to Estrella Warbirds Museum, from its present location, as seen above? Imagine new goal: get it here and set it up out on Dry Creek Road, its new and permanent home! As of this writing it looks as if it might happen! Yes it is expensive.

We all know what it takes: DONATIONS TO THE CAUSE.

To make a donation towards this acquisition:

Send checks to:

**Estrella Warbirds Museum
Attn: P-38
4251 Dry Creek Road
Paso Robles, CA 93446**

Online: ewarbirds.org/p38.html

We are LIVE with this project.

Every donation counts.

Remember: we are a Non-Profit 501 3C. . .AND

Donations are tax deductible.

It's like this: If you don't have the \$7mil for one of the last flying Lightnings, get the very best next thing. Let's take a good look at this opportunity. This Lightning will stand at attention here for as long as Estrella Warbirds stands on Dry Creek Road.
